

Hazmat Policy

Due to the potential health concerns for our employees, Ag Express requires that all items sent to us be free from any hazardous materials, chemical substances, or residue. Please thoroughly clean all items before sending/delivering them to us for repair.

Should Ag Express receive any contaminated units, we will, at our discretion and in consideration of applicable laws, either return the unit to the customer (or) dispose of the items as we deem appropriate for our safety. We will charge handling and disposal fees for all items requiring us to perform handling or disposal services.
