

## **AE5640-K2 Garmin Kit to Ag Leader PF3000 Pro or PF Advantage**

**Kit Contents:**

AE5640: Garmin Receiver

AE5641: Magnetic Mounting Plate

AE72992: RJ45/DB15HD Adapter

Follow these steps when connecting a Garmin receiver kit to an Ag Leader PF3000 Pro or PF Advantage.

1. Power down the machine and leave the key switch in the off position.
2. Power down the console by using the power switch on the front.
3. Plug the AE72992 adapter into the AUX Port 1 position on the back of the console.
4. Connect the RJ45 connector from the Garmin receiver to the jack on the AE72992 adapter.
5. Turn the key switch to the on position or power on the machine.
6. Power on the console.
7. The receiver has been preprogrammed to work with this system.
8. GPS position should show within a few minutes of the system being powered. A capital DG will show in the upper right corner of the screen when differential GPS has been acquired.
