

INTERNATIONAL REPAIR ORDER FORM

IMPORTANT! Please complete this form, pack it with your device and send it to one of our locations. A valid email and phone number are required to process your order and provide status updates. Indicate your preferred payment method (Check, ACH, or Credit Card). If "Need Estimate" is marked, a technician will provide a repair estimate. Your credit card will be charged upon completion of the repair.

ATTENTION! For all non-US shipments, your carrier/broker must:

1. Declare the reason for export as "Repair and Return" on all customs/commercial documents and use HS/HTS code 9801.00.1012 (or broker-approved equivalent).
2. Bill all inbound duties, taxes, and brokerage fees to you (the shipper)
3. Note that Ag Express will return repaired items with duties and taxes set to Bill Receiver; any applicable charges on the return will be billed to you as the importer of record.

Failure to follow these steps may result in additional duties, taxes, and fees, charged to you by your carrier or customs authority.
